DIRM Employees – Very Important Deadline Today. – You Can Impact What Is Included In The Upcoming Skills Assessment

Chapter 207 wants to ensure that DIRM employees are paying attention to the deadline today for the definition phase for the upcoming Skills Assessment.

Late last week DIRM employees were sent a global calling their attention to this opportunity to make sure that their skills are included in the Skills Assessment Survey. If you don't participate you cannot be assured that anyone else will add your skill sets for survey purposes. Below is the link for participating in that survey.

Talks Between FDIC/NTEU Fail To Resolve CSA Issues Or Amend CSA Process Or Reach Agreement on FDIC Legislative Proposal For Additional Human Resource Flexibilities.

Talks have broken down between NTEU and the FDIC in our efforts to resolve issues regarding the FDIC legislative proposal for additional human resource flexibilities and outstanding disputes over the Corporate Success Awards (CSAs) program. As a result, NTEU has filed a national grievance concerning the distribution of CSAs to employees in various demographic groups, and will continue to pursue individual employee grievances over unfair denials of CSAs.
